

Modi'in Region Tourism Association

In the center of Israel, right near Ben Gurion Int'l Airport and only a 25 minute drive from Tel Aviv and Jerusalem, amidst historical heritage sites and the national forest of Ben-Shemen, lies a green and rural region - the Modi'in region.

Modi'in Region Tourism Association, the union of all tourist attractions in this area, offers a perfect mix of quality hosting experience, surprising and unique attractions and a taste of authentic Israel! Where the **Maccabees lived and worked**, the Modi'in Region offers many attractions, run by the local residents, such as **agricultural hands-on farm tours**, **horseback riding** through the forest, **ATV riding** and visits to **quality boutique wineries**. You can also find **restaurants, cafes and chocolatiers**, offering delicious options for hosting, ten minutes from Ben Gurion Airport, alongside an active **artists club** featuring workshops in **painting, ceramics, sculpture**, and more.

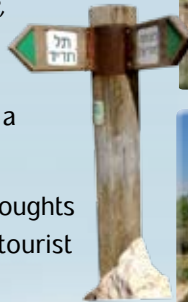

Asphalt
Theater

All this alongside the major attractions of the Modi'in Region: **Ne'ot Kedumim** - the Biblical Landscape Reserve in Israel, and **The Monkey Park** in Ben Shemen Forest - operated by the IPSF - The Israeli Primate Sanctuary Foundation dedicated to the rescue and conservation of primates.

Also the less known areas such as **Ben Shemen Youth Village**, a Zionist agricultural village symbolizing the beautiful Israel of old; **Moshav Mevo Modi'im**, a community of musicians and artists that preserves the traditions of Rabbi Shlomo Carlebach, and **Hasmonean Village**, a living museum which recreates the early life period of the Maccabees.

Modi'in Region Tourism Association would gladly assist you in any plans and thoughts about visiting our area and **we will be happy to let you know** about other tourist developments in our region in the future.
